HELICOPTER FLIGHTS INFORMATION

- Flights take place in the morning to have a better chance of good weather conditions.
- It is likely that the flight will be placed in a time slot other than the one pre-booked for reasons of weather or aircraft capacity.
- It is important to take identity card.
- Passengers are weighed in order to distribute their weight evenly in the aircraft. The lightest passengers are generally at the front of the aircraft.
- It is forbidden to do an overflight after a dive within 24 hours.
